Printable Planner Stickers for

TV Shows Fall 2018 – Winter 2019

G-I

(I will be posting through Z very soon!) Cut files to be posted as well for the Silhouette and Cricut!

I don't know the content of many of these TV shows, so use your best discretion

I usually print these out on sticker paper, but you could print them on normal paper and glue them down in your planner that way. The sticker paper method really is the best though.

Going through a lot of ink printing out planner stickers? Do like I did and enlist in the HP Instant Ink program! I've saved so much money on ink since I did a year and a half ago. They have different plans, but the one I'm in (the most pages) is that I can print up to 300 pages worth of ink for just over $9.99 per month. You can choose lesser pages for a lower rate, but I do a lot of printing between coupons, planner stickers, traveler's notebook inserts, bullet journal pages, photos and other things.

I would love to see how you use them in your planner or journal! Use the comments section of my blog post to let me see your creation!

Still in His grip,

Helen
